

*Want to lose fear of speaking a foreign language?
Want to expand your vocabulary?
Want to learn slang and funny sayings?
Want to compare different cultures?
Want to go out and discover Berlin?*

Tandem

Improve your language skills and meet German students one-on-one!

Just as on a tandem bicycle, two people with different mother tongues work together on a regular basis to improve their language skills and learn about each other's cultures. In this mutual exchange, you help each other out in a relaxed and friendly atmosphere – while you practice your German, you will assist your partner with their knowledge of English. Along the way, but not less beneficial, you can exchange views of each other's culture and challenge yourself with the other's perspective. You have the chance to see the city through the lens of an insider and explore it together according to your personal interests.

Exchange – learn – explore – teach!

Coordinated by FU-BEST Student Assistants.
Organizational meetings to be announced at the start of the semester.
